Christmas at Flower Farm

Traditional Farm Reared Turkeys

Open for the Christmas Season from 9am - 6pm, 7 days a week

Why order a Flower Farm turkey?

That's simple!

We're farmers and we rear all our own turkeys at **Flower Farm** so we are 100% confident that our traditional farming methods are the best and have been since the 1950s. Our Supreme Wirral white and black turkeys are raised the old fashioned way in open Victorian barns with lots of fresh air and space.

We know how important the festive gathering is and our growing number of families who return each year to indulge in our turkeys are a testimony to this.

Each turkey is carefully prepared and checked before leaving the farm. Such is our confidence in your satisfaction that we offer a full money back guarantee!

Turkey questions and answers:

I have heard that hen birds taste better. Can I have a hen bird?

With our birds the quality and taste of both sexes is almost identical and its doubtful that most palates would tell the difference

How do I store my turkey?

Remove the turkey from the box and store in fridge (or a suitably cold place e.g a garage - but leave in the box) Open the box as little as possible, but put the giblets, in their pack, in the fridge

What is kgs in lbs?

Multiply kgs by 2.2 to get lbs

What are your turkeys fed on?

All our turkey feeds have been carefully selected using traditional, wholesome & raw materials. Wherever possible we use materials grown by British farmers

How many people will my bird feed?

We recommend 500g per person for an average meal (250g for a breast roast)

How long can it be kept before cooking?

At 4°C (a very cold fridge) for 5 days

VERY IMPORTANT NOTICE:

We endeavour to supply your bird to the nearest kg. The cost of the turkey is based on the weight at final collection.

Each turkey is boxed with a recipe leaflet, cooking instructions and thermometer to take the guess work out of cooking! (giblets included)
